FURTHER RESOURCES

Another tool that operates on the same concept, using Google Spreadsheets. This one will do Markov chains and “ebooks” style tweets as well.

- Zach Whalen, “How to Make a Twitter Bot with Google Spreadsheets, Version 04” <http://www.zachwhalen.net/posts/how-to-make-a-twitter-bot-with-google-spreadsheets-version-04/>

Tutorials to build Twitter bots that do more things:

- Using Python
