WELCOME

Soft Activism

Against a backdrop of discussion of yarn-bombing and guerrilla-knitting, we will use software to make crochet, knitting, or cross-stitch patterns. Basic stitches will be covered. Some crochet supplies are available to use during the workshop.

Bring: a laptop*; a digital image or text to convert to a pattern. Optional: yarn, cross-stitch fabric, and/or needles & hooks.

*If you need to arrange to borrow a laptop, please contact Kim Knight at kim.knight@utdallas.edu
